O R D E R:

In his proposals 3rd & 4th read above, the Managing Director, A.P. Airports Development Corporation Limited (APADCL) has informed Government that as per the Concessionaire Agreement (vide 1st read above) at Schedule B @ 2. Development philosophy the master plan must consider overall site sustainability. Further, several points mentioned for summarizing minimum site sustainability goals and targets. In which it was mentioned (@ P.No.251 of CA) that, "provide rainwater harvesting of at least 50% of all the storm water runoff generated on Site. Such water may be used to recharge the aquifer or as irrigation water." Further stated that all the outlet points mentioned in the map are joining the irrigation canals which are existing in outside the Airport boundaries and requires immediate restoration by Irrigation Department to ensure proper discharge of flood water and to prevent flooding or water stagnation. Since the works to be taken up lies outside the boundary of airport, the irrigation Department may be requested to examine and take action for executing the works.

2. The Managing Director, A.P. Airports Development Corporation Limited (APADCL) has further stated that the Water Resources Department proposed four critical outfall canals (i.e. OT5, OT2, OT4 & OT1) which requires immediate restoration and accordingly prepared an estimate for the work "Improvements & desilting of Outlet drains of International Airport of Bhogapuram (M) in Vizianagaram District for Rs.2,700.00 Lakhs. The Managing Director, A.P.
